SAKSHAM PATEL

Diploma in Computer Engineering

Vadodara, Gujarat, India | [Your Phone] | [Your Email] | GitHub: [Your GitHub] | LinkedIn: [Your LinkedIn]

CAREER OBJECTIVE

Motivated Diploma Computer Engineering student with hands-on experience in Python, Django, MySQL, HTML, CSS, and Java. Interested in software and web application development, with practical experience building database-driven applications, authentication, dashboards, QR-based attendance, reporting, and automated testing. Seeking an opportunity to apply technical skills and contribute to real-world software projects.

EDUCATION

Diploma in Computer Engineering — Gujarat Technological University (GTU), Gujarat

Semester 5 | Expected Graduation: 2027

TECHNICAL SKILLS

Programming	Python, Java, SQL
Web	HTML, CSS, JavaScript
Framework	Django
Database	MySQL
Tools	Git, GitHub, VS Code
Concepts	OOP, Data Structures, DBMS, Computer Networks, Operating Systems
Other	CRUD, Authentication, REST APIs, Database Management, Software Testing

PROJECT

Smart Attendance Management System

Technology: Python, Django, MySQL, HTML, CSS, JavaScript

- Developed a web-based attendance management system using Django and MySQL.
- Implemented role-based access for administrators, faculty, and students.
- Built student and faculty management with database-driven CRUD operations.
- Implemented QR code-based attendance and attendance status such as Present, Absent, and Late.
- Added attendance history, percentage calculation, automatic defaulter identification, and leave management.
- Developed dashboard analytics with charts, search, filtering, pagination, and report-generation functionality.
- Performed automated application testing and verified multiple test cases successfully.

INTERNSHIP

Python Django & MySQL Intern

Duration: 30 Days

- Worked with Python and Django for web application development.
- Created and managed MySQL databases and relational tables.
- Developed Django models, forms, views, templates, and CRUD functionality.
- Worked with user management and database relationships.
- Debugged application issues and improved functionality through testing.

RELEVANT COURSEWORK

Data Structures & Algorithms • Database Management Systems • Computer Networks • Object-Oriented Programming • Operating Systems • Software Engineering • Web Development • Machine Learning Fundamentals

STRENGTHS

Problem Solving • Quick Learner • Team Collaboration • Logical Thinking • Debugging & Troubleshooting • Adaptability

LANGUAGES

English • Hindi • Gujarati
